

LED CANDLES 2018#1 & OTHERS

STAR
TRADING

VÅRT SORTIMENT OUR ASSORTMENT UNSER SORTIMENT

VÄLKOMMEN

Få saker skapar så mycket stämning och en så varm atmosfär som levande ljus. Men öppna lågor har också sina nackdelar och risker samtidigt som det ofta är opraktiskt och ibland till och med otillåtet. Lösningen är det som vi kallar LED Candles. Med dessa batteridrivna ljus med LED teknik slipper du brandrisk, värme, rök, sot och droppande stearin. Eftersom ett och samma ljus kan användas under mycket lång tid är det också ett miljövänligare alternativ än stearinljus som förbrukas.

WELCOME

Few things create such a warm atmosphere as candles. But an open flame also has its disadvantages and risks. It is often impractical or even not allowed. The solution is called LED Candles. With these battery operated candles you don't have to worry about fire hazard, heat, soot, smoke and dripping hot wax. Since the same candle can be used for a very long time, it is also an environmentally friendly alternative to disposable wax candles.

WILLKOMMEN

Wenige Dinge kreieren so eine warme Atmosphäre wie Kerzen. Aber eine offene Flamme birgt stets auch Nachteile und Risiken. Dies ist oft unpraktisch oder sogar verboten. Die Lösung heißt LED Candles. Mit diesen batteriebetriebenen Kerzen müssen Sie sich keine Sorgen um Feuergefahr, Hitze, Ruß, Rauch und tropfendes heißes Wachs machen. Da dieselbe Kerze für eine sehr lange Zeit verwendet werden kann, ist sie ebenfalls eine umweltfreundliche Alternative zu herkömmlichen Wachskerzen.

BATTERI-ERSÄTTARE FÖR 1-3 PRODUKTER.
KOMPATIBEL MED TIMER.

BATTERY ELIMINATOR FOR 1-3 PRODUCTS.
COMPATIBLE WITH TIMER.

BATTERIE-ERSATZ FÜR 1-3 ARTIKEL.
KOMPATIBEL MIT TIMER-FUNKTION.

OBS! För användning till produkter som drivs av 1,5 v batterier, ej uppladdningbara artiklar.

CAUTION! For 1,5 V battery products only. Do not use with rechargeable products.

ACHTUNG! Nur für 1,5 V batteriebetriebene Produkte. Nicht mit wiederaufladbaren Produkten nutzen.

S: Beräkning av batteritider

Eftersom utvecklingen på LED, batterier och andra komponenter som ingår i våra LED Candles har gått framåt, så har vi inför 2017 gjort en ny genomgång och testat produkternas batteri-livslängd. Därmed har vi kunnat öka upp brinntiden på ett flertal artiklar i vårt sortiment. Våra tester har gjorts med Alkaline Pro-power batterier. Faktisk tid beror till stor del på vilka batterier som används samt omgivningstemperatur.

GB: Estimation of battery life

Since the development of LED, batteries and other components which are part of our LED Candles all move forward, we have updated our testing of the products' battery life. This has allowed us to increase the estimated battery life of many products in our assortment. Our tests have been conducted using Alkaline Pro-power batteries. Actual time will depend greatly on which type of batteries are used and the surrounding temperature.

D: Geschätzte Lebensdauer der Batterien

Durch die stete Entwicklung der LED, Batterien und anderer Komponenten, welche Teil unserer LED Kerzen sind, haben wir unsere Tests zur Lebensdauer von Batterien aktualisiert. Wir konnten dadurch die geschätzte Nutzungszeit der Batterien für viele unserer Produkte erhöhen. Alkaline Pro-Power Batterien haben dabei am besten abgeschnitten. Die tatsächliche Leuchtdauer hängt in hohem Maße von den genutzten Batterietypen und der Umgebungstemperatur ab.
