DINER *Smart Led Candles for public spaces*

Diner is a new concept - a beautifully designed LED candle system perfect for public spaces to create a cosy yet safe atmosphere. The candles are battery operated and easily rechargeable – one charger, five out plugs. Quick, easy and scalable!

Perfect for a restaurant, a hotel, spa, or why not the office lunch room. Your choice of light function – steady, flaming, or fading. Place it directly on a surface or put in a candle holder. The magnetic bottom makes it steady wherever you choose to put it. The possibilities are endless.

WEATHERPROOF POWER CORD CONNECTION BOX

DRiBOX is the leading weatherproof box in the market, perfect for your outdoor lighting products. The box combines innovative technology with stylish design, ensuring that all your outdoor operations such as timers, transformers, extension cords, and extension reels are kept safely dry. The box includes one inlet and four outlets which are equipped with silicone cable seals, securing IP rating 55.

The ultimate box for your electrical connections

“It’s a box
It’s dry
It’s brilliant”
